**This is the origin of modern art and fashion.
 A collection of fascinating art and design from the
 Ballets Russes.**

In the early 20th century, Ballets Russes, a Russian itinerant ballet company based in Paris and founded by a Russian impresario Sergei Diaghilev, created a worldwide sensation. They brought innovation to the theatrical arts industry not just with music and choreography but also with scenography and costumes designed by Picasso, Matisse and Chanel. They pioneered an integrated approach to the theatrical arts in pursuit of the "ideal work of art" and made a huge impact on modern art. Accompanied by rich commentary and focusing mainly on Ballets Russes, this book introduces various beautiful designs from the performing arts from the late 19th century to the early 20th century.

This book showcases the whole picture of the Ballets Russes along with more than 600 beautiful illustrations. With extensive commentary supervised by Hiroshi Unno, readers will have a comprehensive understanding towards the stage and costume design of the Ballets Russes and the other theatrical arts of the same period. Book design was done by Reiko Harajo, a designer who contributed to many of the Hiroshi Unno × PIE International Art Book Series.

The Book of Tea

Pages: 256pp. (Full color)
Binding: Hardbound
ISBN: 978-4-7562-5435-1
Language: English
Release Date: April 6 2021
Price: \$29.99/£22.99

The definitive visual edition of a classic masterpiece.

The Book of Tea was originally written in English by Kakuzo Okakura in 1906. Since then, it has been recognized, together with *Bushido*, as one of the most important books written by Japanese authors in English in the early 20th century. *The Book of Tea* is said to be the definitive guide to Japanese aesthetics. Okakura expresses the sublimity of a non-Christian culture at a time when Christianity was the dominant religion and cultural tradition. At the same time, Okakura prays for a world in harmony under mutual understanding between the West and the East. *The Book of Tea* is not a book on how to conduct a tea ceremony. Instead, it introduces aesthetic and cultural aspects of Japanese life to Western audiences through Teism by elucidating the Japanese tea ceremony's relationship with Zen, Taoism and Kado, and, more broadly, through a discussion of Japanese aesthetic principles, the essence of art and the true meaning of life.

This concept is visually enhanced by photographs taken by Yasuhiro Okawa, offering readers the opportunity to appreciate a richer experience of the world presented in *The Book of Tea*.

[Author profile]

Kakuzo Okakura (1862-1913)

Born in Yokohama as the second son of a former member of the Echizen-Fukui clan, Okakura became a leading figure in the art world during the Meiji period (1868–1912). He began Chinese and English studies from the age of about 10 and later majored in politics and economics at the University of Tokyo. During his studies at the university, he befriended the American educator and Japanese art enthusiast Ernest F. Fenollosa. After entering the Ministry of Education, Okakura, together with Fenollosa and others, endeavored to revitalize Japanese culture, which had been in decline, in particular making efforts to reform art circles. After visiting Europe to observe its art, he was involved in the founding of the Tokyo Bijutsu Gakko (now Tokyo University of the Arts) and was appointed as the school president. Many outstanding artists were trained at that school. After resigning as president, Okakura founded the Nihon Bijutsuin (the Japan Art Institute) together with some of his students, including Taikan Yokoyama and Kanzan Shimomura, and called for the reform of Japanese painting. He was later appointed curator of the Chinese and Japanese Department of the Boston Museum of Fine Arts in the United States. Through his books, he praised the excellence of Oriental culture. His works in English include *The Ideals of the East*, *The Awakening of Japan*, and *The Book of Tea*.

This 240-page book, reveals the core of the artist Aubrey Beardsley through more than 180 of his art works, compiled under the supervision of Hiroshi Unno, a critic and a writer who has contributed to many books on the fin-de-siècle.

The seductive motifs that he drew, using only black ink, such as a woman with a fearless smile, a gentleman with disdainful contempt, and figures with extremely exaggerated genitals, all express Aubrey's incomparable talent for grasping the chaos and unsettled atmosphere of the period. The rebellious nature and imagery of his illustrations were often controversial. People even called him "the Devil's younger brother". But there is no doubt that he was a star of the age, which is evident from the many influential illustrators who came after him who were influenced by Aubrey's work, such as Harry Clarke, Alastair, John Austin, Kay Nielsen and George Barbier.

How did the rebellious, yet refined, monochrome artworks drawn by "the Devil's younger brother" come about? Was his life simply the art itself? This book is a gem that presents the artwork that is most identified with "Beardsley" himself, revealing both the artist and the idea, through his life and his masterpieces.
