embroidery The Art of Yoshioka
Yoshioka

The first art book from up-and-coming illustrator Yoshioka invites you into the world of fantasy stories.

Yoshioka's wonderful illustrations of plants, animals, nature, and other motifs remind the audience of storybooks as they take them on a journey into a sometimes happy, and sometimes dark world of fantasy. In addition to the illustrator's original works, this book also includes CD jacket illustrations for Who-ya Extended, the musician of the theme song for TV anime series *Jujutsu Kaisen*, and *PSYCHO-PASS 3*, and the variant cover of *Bloodborne* (Ales Kot/Titan Comics) and much more. A feature on the making of the cover illustration is also included, providing a behind-the-scenes glimpse of Yoshioka's process for creating narrative illustrations: from the artist's work environment to drawing rough sketches, to drawing, painting, and finishing. Delve deeper into the fantasy world of stories that Yoshioka creates with this unique illustration collection.

Tadanori Yokoo Complete Book Designs

First and only book of book cover design masterpieces by Tadanori Yokoo.

Tadanori Yokoo, born in 1936, is one of the most successful and internationally recognized graphic designers and artists in Japan. In the late 1960s he became interested in mysticism and psychedelia, deepened by travels in India. Because his work was so attuned to 1960s pop culture, he has often been (unfairly) described as the Japanese Andy Warhol or likened to psychedelic poster artist Peter Max, but Yokoo's complex and multi-layered imagery is intensely autobiographical and entirely original. By the late 60s he had already achieved international recognition for his work and was included in the 1968 Word & Image exhibition at the Museum of Modern Art in New York. Four years later MoMA mounted a solo exhibition of his graphic work organized by Mildred Constantine. This book is the first and only collection in which all of his book cover designs in past 55 years, that are around 1,000 pieces, will be included.

Philippe Weisbecker Works in Progress

This is the compilation of the exploration of beauty of simplicity in our everyday life.

Philippe Weisbecker is an artist and illustrator who currently divides his time between Paris and Barcelona, but who has spent most of his career in New York working with publications like The New York Times. In recent years he has done many graphic design works in Japan, which have earned him a large following, as well. From Weisbecker's half a century of work, this book collects approximately 700 artworks, including never-before-seen rare pieces that showcase his iconic, characteristically delicate drawings in pencil to rarely seen three-dimensional drawings. A supplemental feature on his atelier in Paris is an added bonus.

Roly-Poly Round Seals!

Chiho Kuwada

Round like a balloon!
Ridiculously cute seals will make you happy!

You've never seen animals as round as these seals! The three seals featured in this book, Arare-chan, Yuki-chan, and Moya-kun, live peacefully in Kaiyukan, an aquarium in Osaka, Japan. There, they have charmed visitors, including photographer Chiho Kuwada, with their chubby, round bodies and smiley faces. This book showcases a selection of the best shots of Arare-chan, Yuki-chan, and Moya-kun from Chiho Kuwada's huge photo collection in an appealing small, square format. Full of roly-poly round seal pictures, this charming little book is the perfect gift for your friends, family and loved ones.

[Artist Profile] Chiho Kuwada was born in Hiroshima, Japan. Chiho has been taking pictures of Arare, a ringed seal, since 2018.
