

Makura Kurama Illustration Card Book

Peculiar Antique Dreamworld

The beautiful fantasy story about antiques, Peculiar Antique Dreamworld, is now an illustration card book.

Peculiar Antique Dreamworld, the illustrations and story published by the popular creator Makura Kurama on the PIE COMIC ART website for the past year and a half, is now an illustration card book. Featured in this book are illustrations and stories about various antiques, including jardinières, nutcrackers, magic lanterns, and more. Makura Kurama creates works that are mysterious, fantastical, and sometimes a little mad. Anyone seeing these illustrations will surely be drawn into the world of the artwork.

As an introduction, there is an 8-page manga, followed by the bound illustration cards featuring the artworks on the front and stories of each illustration written on the back. Although the stories in this book are written only in Japanese, the illustrations alone offer plenty of enjoyment. Favorite illustrations can be removed cleanly from the book. The cards can be used to decorate, or given as a gift, or simply enjoyed as a collection of artworks. However the book is enjoyed, readers are sure to enjoy the stories of these beautiful and mysterious antiques, which are drawn from the same worldview as the popular book, Welcome to the Peculiar Antique Shop : The Art of Makura Kurama.
