

In the Wind

The Art of minahamu

minahamu's first large-format illustration collection of scenic works that appeal to the viewer's sympathy, including familiar places, landscapes from memories and more.

minahamu is an illustrator who has won great popularity in the creative field by drawing pictures of everyday scenes in which boys and girls stand among natural images such as abundant greenery and beaches. The style of illustration is impressive for its nostalgic touch, showing single scenes from everyday life, such as tall trees along a roadside, a shady park, the seaside, a meadow, or in front of someone's grave. The illustrator's works posted on social media have received a great deal of engagement from overseas.

minahamu has been getting attention in Japan and overseas, with solo exhibitions not only in Japan but also in France and Taiwan. We hope you will enjoy this first collection in Japan of minahamu.
