Illustration Book

The first artwork collection from the up-and-coming illustrator sekuda!

sekuda stylishly depicts people who express themselves just as they are, unbound by gender, through photorealistic portraits with impressive compositions that retain the slightly rough touch of illustration. Approximately 120 artworks are featured, including more than 20 works drawn for this collection.

Filled with the charm of sekuda's works depicting various skin colors, body types and fashions, this book also features illustration making.

The cover and contents give a colorful impression. Works inspired by the worldview in movies, which are featured on the PIE Comics website, are also a must see. We hope you enjoy the sense of the mysterious in sekuda's colorfully vivid worldview.
